UNITED STATES WAR ITEMS.

A list of contributions to aid in prosecuting the war, shows that during the past three weeks the immense amount of \$23,700 has been received from the Free States. Pennsylvania leads the column with a gift of \$25,000; New York and Ohio have each given \$20,000; Massachusetts and Illinois each \$20,000; Maine, \$13,000; Vermont and New Jersey, each \$10,000; Iowa, \$10,000; Florida, \$10,000; Wisconsin, \$10,000; Illinois, \$10,000; Cincinnati, \$7,000; Buffalo, \$5,000; Hartford, \$4,000; Detroit, \$3,000; and other places, \$100,000.

Major Anderson will soon be ordered to honorable duty. The government contemplates promoting him to a Colonel. On the 6th inst., with consent of President Lincoln, he accepted the command of the Kentucky Brigade.

The Southern Rebels are well armed, having since the commencement of their movement, secured 200,000 stand of arms, at the following places:—St. Louis, 70,000; Alabama, 50,000; Georgia, 30,000; South Carolina, 20,000; Kentucky, 10,000; Mississippi, 5,000; Texas, 5,000; other places, 100,000.

A gentleman from Montgomery reports that he has seen a large number of arms, a lot of \$800 is made here that Benvenuto is killed at the bombardment of Fort Sumter. It is certain no effort at the bombardment has been made.

The Government has positive information that there are only 4,000 men in the army, and that the place will be easily taken by 3,000 well-armed men and a good park of artillery.

Orders have been issued from the War Department to get into the best military condition. There should be Saturday night be 15,000 men there.

There are 10,000 men at Indianapolis fully equipped and provisioned by the government.

Two regiments of Ohio troops were expected to day, and will be in the city.

Some information relates the report that five men have taken the oath to assassinate Lincoln and Scott.

New York, May 11. We have complaints of the Succession League of Congressmen Adams of the U.S. Navy. The Navy Department may find it advisable to look into the matter.

A telegraphic dispatch from Indiana states that a slave insurrection has broken out in Owen and Gallatin Counties, Kentucky, and that the whites in that region have sent to Indiana for assistance.

It is supposed that General Mansfield will have command of active operations of Union forces at Washington.

The Rhode Island Regiment, it is said, is to be ordered to take possession of Arlington Heights or Alexandria.

The number of U.S. troops in Washington and vicinity cannot be much less than 21,000.

The U.S. troops that passed through Baltimore on Wednesday were well received by the people.

A picket guard at Camp Butler, at the Relay House, was fired upon yesterday by a party of about 200 men, who were turned the fire, when the assailants fled. No one was hurt.

The famous Baltimore steam gun was captured yesterday by the U.S. troops at the Relay House, as it was being conveyed to the rebel camp at Harper's Ferry.

We have also a report that a serious outbreak was expected to take place at Frederick, Md., and that Gov. Hicks had been ordered to the President for aid.

From Fort Pickens the news received yesterday was very satisfactory. The fort has a garrison of 1,100 men, and has been strengthened, and may be considered invulnerable.

Gen. Granger has about 5,000 men at Pennsylvania, but poorly equipped and suffering from want of provisions.

A brigade of 5,000 troops was commanded by Gen. Grant, was compelled to surrender yesterday in a force of 6,000 loyal volunteers from St. Louis, organized by Captain Lyons.

New York, 13. The Tribune's Washington despatch says the men who have been sent out from Gen. Scott's office to reconnoitre the rebel army, find that the rebels are in the same old camp of large bodies of men lying at Richmond, Lynchburg, Montgomery, New Orleans, and Vicksburg. They are in the same old camp, and that the troops intend to march on Washington, and that if that plan was abandoned the leaders will find it difficult to restrain the men.

As the conflicting rumors concerning the willingness of the 8th New York Regiment to take the oath are calculated to do harm, I will state that the 8th New York Regiment are Germans, who did not at first comprehend the nature of the oath, and were apprehensive of some trickery in the matter. But after explanations had been made the men marched into camp, and after studying the alleged flag took the oath for the requisite time.

We are in direct communication with all parts of the civil world. Our city is an oasis in a desert of war.

The President's proclamation calling to the service of the United States forty-two thousand and fifty-four thousand called to the seventy-five thousand called to the service of the United States.

CONSEQUENCES OF SECESSION.

A letter received in Boston from a lady in Wilmington, N.C., says that they did not feel as much as they did in the salt pork was selling at 25 cents a pound and butter at 60 cents, and other articles were very scarce.

The Capital of a marine schooner, recently arrived from Charleston, South Carolina, has been brought from New Orleans to Charleston for sale at 100,000 dollars, and is sold at \$150,000 per barrel, and this price for other provisions was as follows: Tobacco, 90 cents per pound; Ham, 20 cents per pound; and salt pork, 80 cents per barrel.

The Marine List of the Port of New York, N.Y., no longer appears in the columns of the Richmond Daily News, the commerce of that city is wiped out.

Francis, of the Louisville Journal, says:—We now see the real results of secession—bankruptcy, ruin, want, hunger, and death.

Next in order will come burning houses, sick cities, and fields and streets wet and red with the blood of human beings.

The lessons of the columns usually filled by the Marine List of the New York papers is thus accounted for by a letter from Washington to the Herald:—But our telegraph here have, as usual, reported to you a great deal of interest. You are disappointed here, under difficulties, and it is impossible for us to say how much of our dispatches go through. At the same time, there is a little little.

DEATH BY DROWNING.

We regret to have to report the death by drowning of Mr. J. Cameron, one of the pillars of the community. He was the son of the late John Cameron, and was a young man of about 22 years of age. He was a native of Scotland, and had been in the city for some time. He was a very popular young man, and was well liked by all who knew him. He was a member of the local athletic club, and was a very good swimmer. He was drowned on the 15th inst. while swimming in the harbor. His body was recovered on the 16th inst. and was buried in the city cemetery on the 17th inst.

PRESENTATION.

At the conclusion of the annual meeting of the Hastings County Board of Health, held in Belleville on Thursday last, the Rev. E. B. Harper, M.A., Chairman of the Board, presented to the Board a handsome writing desk, supplied with Stationery, as an expression of their esteem for the efficient manner in which he has discharged the duties of his office during the past year. The gift was accompanied by a short address, and acknowledged in a suitable manner.

CHRIST'S MINISTERS.

By reference to advertisement it will be seen that this admirable Company will again present their extraordinary light 18th inst. in Belleville. It is quite needless to say anything to this effect. These light bulbs, which are made of a very fine glass, and are filled with a gas which is not inflammable, and which will burn for a long time without being replaced. They are a very valuable addition to any household, and are well worth the price paid for them.
